EDUCATION

2026-	Case Western Reserve University School of Medicine Master of Science in Clinical Research (Expected)
2022-2026	Case Western Reserve University, College of Arts and Sciences Bachelor of Arts in Biology GPA: 3.96/4.00

HONORS AND AWARDS

2026	CWRU Student Showcase
2025	Gamma Sigma Alpha Honor Society
2022-2025	CWRU Dean's High Honors
2022	CWRU Michelson-Morley Scholarship
2021	National Merit Scholar

WORK EXPERIENCE

2023-2024	Louis Stokes Veterans Affairs Medical Center, Cleveland, OH <i>Nursing Assistant</i> Delivered daily patient care for veterans on long-term and acute units, including ADLs, vitals, and mobility support.
Summer 2023	CWRU Residential Life Office, Cleveland, OH <i>Resident Assistant</i> - Managed a residential community by supporting student well-being, mediating conflicts, and responding to crises. - Planned educational and community-building programs that promoted inclusion and academic success.
2022-	Midwest Medical Transport, Cleveland, OH <i>Emergency Medical Technician</i> - Provided prehospital assessment, vitals, and patient care during interfacility and emergency transports. - Coordinated with nurses, physicians, and dispatch to ensure timely, safe transitions between Cleveland Clinic facilities.

RESEARCH EXPERIENCE

- 2026- MetroHealth System, Department of Orthopedics
PI: Adrienne Lee, MD
Project: "Injection vs. Surgical Management of Carpal Tunnel Syndrome in Pregnancy"
 - Retrospective chart review comparing pregnant carpal tunnel patients managed with injections versus those requiring surgery after delivery.
- 2026- University Hospitals, Department of Orthopedics and Sports Medicine
PI: Kevin Killian, DO
Project: "Hydration Status and Dehydration Risk in Adolescent Ice Hockey Athletes"
 - Assessing hydration status and dehydration risk in local high school ice hockey players during training and competition.
- 2026- Cleveland Clinic Lerner Research Institute, Neurosciences Department
PI: Yu-Shang Lee, PhD
Project: "Murine Models of Spinal Cord Injury and Beta-Amyloid Pathology"
 - Developing a novel murine contusion model of spinal cord injury and investigating beta-amyloid pathology.
- Summer 2025
Internship Naval Medical Research Unit, Environmental Health Effects Laboratory
PI: Karen Mumy, PhD
Project: "Effects of JP-5 Jet Fuel Exposure on Gut Microbiome and Hippocampal Function"
 - Investigated how JP-5 jet fuel exposure alters the gut microbiome and hippocampal function using molecular and behavioral assays.
 - Presented research to DoD researchers and Naval officers
- 2023-2025
Internship Louis Stokes Veterans Affairs Medical Center, Department of Orthopedics
PI: Katherine Bogie, PhD
Project: "Effects of Electrical Stimulation Bandages on Pressure Ulcer Wound Regeneration"
 - Contributed to development of an electrical stimulation bandage aimed at improving healing of chronic wounds in veterans with spinal cord injuries.
 - Supported data collection and analysis for projects focused on advancing rehabilitative and wound-care technologies.
- 2022-2026 Case Western Reserve University, Department of Genetics and Genomics
PI: Atul Chopra MD, PhD
Project: "Asprosin-Ptprd Signaling in the Hippocampus Mediates Stress-Induced Anxiety"
 - Studied the role of asprosin in Alzheimer's disease, anxiety, and PTSD using mouse models and molecular assays.
 - Co-authored 3 manuscripts, presented 4 poster presentations

COMMUNITY SERVICE

2024 <i>Internship</i>	Military Veterans of America, Virtual <i>Health Policy Intern</i> • Researched federal and state healthcare policies affecting veterans to support evidence-based advocacy.
2022-2023	American Red Cross, Cleveland, OH <i>Service to the Armed Forces Case Worker</i> • Assisted veterans and military families in accessing emergency assistance, benefits, and support services.

LEADERSHIP

2024-2026	Ski and Snowboard Club, Case Western Reserve University <i>President, Founder</i> • Founded and led a university club promoting winter sports through organized trips and community events.
2022-	ACHA D3 Ice Hockey Team, Case Western Reserve University <i>President, Captain</i> • Oversaw team operations, scheduling, budgeting, and league coordination as president. • Led on-ice and off-ice team leadership, fostering accountability, cohesion, and competitive performance.
2022-2026	CWRU EMS, Case Western Reserve University <i>Crew Chief</i> • Led EMT crews during on-campus medical responses, coordinating scene management and patient care.

BIBLIOGRAPHY

Articles Under Review

1. Basu B#, Obeid H#, Anderson K, Zhao Q, **Qian A**, Duval A, Voisard L, Turner MB, Xu X, Kim C, Meng J, Pandey S, Sabath Silva E, Poulton C, Bournat JC, He Y, Mishra I*, Chopra AR*. A metabolic hormone axis for treatment of thermal hyperalgesia.
2. Basu B#, Zhao Q#, Obeid H, Dong V, **Qian A**, Pandey S, Kim C, Meng J, Naveh G, Kim B, Sabath Silva E, Bournat JC, Mishra I, He Y, Chopra AR*. Asprosin modulates hippocampal excitability to regulate anxiety.
3. Basu B#, Liu H#, Pandey S, Obeid H, Flannery B, Chen Y, Yun Y, **Qian A**, Parfyonov D, Zhao Q, Liu H, Meng J, Naveh G, Hanumanthu S, Hoffman J, Sabath Silva E, Leverenz J, Bekris LM, Keene CD, Bournat JC, He Y, Mishra I, Pieper AA, Xu Y*, Chopra AR*. Amyloid- β competitively blocks the asprosin-PTPRD receptor axis to couple memory failure and systemic wasting in Alzheimer's disease.

Oral Abstract Presentations

1. **Qian A**, Romer E, Mumy K,. "Effects of jet fuel ingestion exposure on gut microbiome diversity", Naval Research Enterprise Internship Program, Dayton, OH (2025) (Presented by Qian A)

Poster Presentations

1. **Qian A**, Duval A, Basu B, Obeid H, “Asprosin Modulates Thermal Nociception via the Basolateral Amygdala”, Intersections Undergraduate Research Symposium hosted by Case Western Reserve University, Cleveland, OH (2026) (Presented by Qian A and Duval A)
2. **Qian A**, Duval A, Basu B, Obeid H, “Asprosin Reduces Mechanical Pain Sensitivity”, Intersections Undergraduate Research Symposium hosted by Case Western Reserve University, Cleveland, OH (2025) (Presented by Qian A and Duval A)
3. **Qian A**, Basu B, Chopra AR. “Exploring the role of Asprosin in Anxiety Regulation”, Intersections Undergraduate Research Symposium hosted by Case Western Reserve University, Cleveland, OH (2025) (Presented by Qian A)
4. **Qian A**, Basu B, Chopra AR. “Asprosin-Ptprd Signaling in Forebrain Excitatory Neurons Drives Anxiety Behavior”, Intersections Undergraduate Research Symposium hosted by Case Western Reserve University, Cleveland, OH (2024) (Presented by Qian A)
5. Yacoub, S., Schwartz, K., Fatal, M., Rohatgi, D., **Qian, A.**, Lerchbacker, J., Alcorn, M., & Bogie, K. M. (2024). “Evaluating the Exciflex Electrotherapy Bandage Using Serial Stereophotogrammetric Imaging of Chronic Wound Healing: A Clinical Pilot Study [Abstract]”. Graduate and Medical Student Research Day, Cleveland, OH. (2023) (Presented by Yacoub S)

Languages: fluent Mandarin

Interests: Ice hockey, hiking, photography
